BE LED BY THE **DREAMS** IN YOUR **HEART**

Hitesh Lucky Verma, a visionary leader, an esteemed real estate developer, philanthropist serving as the idyllic figure for youth in Punjab. Born on 25th March 1991, he pursued his higher education from Canada. He returned to India in 2013 and began working towards his ambitions in order to ensure the welfare of youth through infrastructural development and generation of employment opportunities. He was unceasingly committed and hence his ingenuity led him to the development of many renowned office buildings, multi-family residential buildings and retail projects.

He brings over years of experience and knowledge along with his unbated passion. One of his major real estate development is City Heart, at Kharar that can be seen as a paragon of his passion for bringing happiness to many families. But the mere sight of Punjab's talented youth yet being unemployed made him thoughtful about the lack of employment opportunities in the state. He was determined to perform his righteous duty to accomplish the integrated dream of youth by providing them opportunities to channel their creativity for a positive cause. The indefatigable zeal in advancing and young film directors, producers, actors to bring out innovative concepts has been the vital inspiration behind the conceptualisation of HLV Film City.

Up until now, his journey has been challenging, exciting and enriching. But he now stands as the staunch pillar, ready to take his next leap i.e. a leap propelled by young dynamism and a youthful progressive vision. 'Eyeing a possibility is the first step in achieving the unattainable' is his firm belief that consistently drives him to transform his vision into reality!
